### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Philip F. Fox on 09 May 2005.

The application has been amended as follows:

in claim 1, the phrase --, wherein the water-repellent layer exhibits a certain cohesive force, and wherein the adhesive force between the water-repellent layer and the protective film is greater than the cohesive force-- has been added after the term "binder" on line 8 of the claim, claim 2 has been cancelled, a period --.-- has been added to the end of claim 3, claims 11-15 have been cancelled.

2. The following is an examiner's statement of reasons for allowance.

The present invention is directed to a sheet comprising, in order, a base layer, a water-repellent layer, and a protective film. The water-repellent layer comprises a fluorocarbon polymer binder and a fluorocarbon resin powder. The adhesive force between the water-repellent layer and the protective film is greater than the cohesive force of the water-repellent layer.

Art Unit: 1773

Spain et al. represent the closest prior art. However, upon reconsideration and in view of the applicant's arguments, Spain et al. do not teach or fairly suggest a sheet comprising the recited water-repellent layer in which the adhesive force of the water-repellent layer to a protective film is greater than the cohesive force of the water-repellent layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
